## **RECOMMENDATION**

It is recommended that the Board of County Commissioners (Board) approve the attached resolution approving the significant modification of Project 344 - "Lighting Fixtures for Kendall and Intracoastal District Police Stations" to reduce its allocation from \$1,200,000.00 to \$730,000.00; the declaration of \$470,000.00 from Project 344 as surplus funds in accordance with Implementing Order (IO) 3-47; the waiver of the provisions of IO 3-47 regarding the addition of new projects to the Bond Program; and the reallocation of such surplus funds from the aforementioned project for the addition of a new Bond Program Project No. 356 - "Pool Facility Repairs at the Public Safety Training Institute."

## **SCOPE**

The project in this agenda item is for a facility located within Commissioner Jose "Pepe" Diaz's District 12. This facility provides public safety training related services for the Miami-Dade Police Department (MDPD) and other local, state, and federal law enforcement agencies, as well as members of other law enforcement and criminal justice agencies from outside the state.

## **FISCAL IMPACT/FUNDING SOURCE**

There is no fiscal impact to the County from the passage of this item. This item simply reallocates \$470,000.00 of existing Building Better Communities General Obligation Bond (BCC GOB) funds as indicated herein.

## **TRACKING/MONITOR**

Gustavo Knoepffler, Chief Financial Officer of MDPD will implement the project, and Silvia Lopez and Anita Gibboney of the Office of Management and Budget (OMB) will monitor the project for General Obligation Bond funding and expenditures.

## **DELEGATION OF AUTHORITY**

There is no additional delegation of authority related to this item.

## **BACKGROUND**

On July 20, 2004, the Board approved Resolution No. R-915-04 providing for a special election for the issuance of General Obligation Bonds in a principal amount not to exceed \$341,087,000.00 to construct and improve public safety facilities, inclusive of several projects for MDPD.

On September 4, 2013, pursuant to Resolution No. R-674-13, this Board approved the deletion of Bond Program Project Nos. 201, 204, and 207 and used the surplus funds from the deleted projects to fund the addition of two (2) new projects as follows:

- Project No. 344 - "Lighting Fixtures for Kendall and Intracoastal District Police Stations" – in the amount of \$1,200,000.00;
- Project No. 345 – "Ammunition/HazMat Storage Building" in the amount of \$865,000.00.

MDPD has completed the scope of work for Project No. 344 to replace deteriorated exterior lighting fixtures at the Kendall and Intracoastal District police stations at a cost lower than originally anticipated and would like to use the unused proceeds for other necessary projects. The department has identified an unfunded need to repair and renovate the training pool located MDPD Miami-Dade Public Safety Training Institute as a result of recent inspections by the Florida Department of Health. The scope of work would include replacement of broken underwater low-voltage lighting, a complete resurfacing of the pool, replacement of broken tiles around the pool perimeter and corner edging, replacement of perimeter rails, installation of water chillers and heating systems, and other items deemed necessary based on regulatory re-inspections and Departmental needs.

Implementing Order 3-47 which governs the BBC GOB dictates that in order to use surplus funds to add a new project, all Bond Program projects must have been completed. MDPD recommends that this provision of Implementing Order 3-47 be waived. Note that the BBC GOB Citizens' Advisory Committee voted to recommend the allocation of surplus funds and the creation of this new project at its July 21, 2015 meeting.
